ANGELS' WEEK

Every year the Middle School engages in a fun filled festival called the "Angels Week". This week long festival is specially organized for the new girls to help them adjust to their new environment. This is also the time when one can see the Junior Council in full swing, organizing events for the entertainment of the new girls . Furthermore, in order to give a magical surprise to the newbies , the angels send gifts and greetings to their mortals only to see them smiling at the little surprises around. This turns out to be a thrilling experience for everybody in the Middle School.

WELHAM GIRLS' DEBATE

"Miss Saroj Srivastav National Debate" held at Welham Girls' School in the memory of their late Principal was an interesting experience. Debaters from all over India had gathered to discuss "India's Space Management as a Waste of Resources". All the participants were enthusiastic and presented all possible points to convince the judges and the audience in favour of their argument. Vanshika Sahgal spoke eloquently against the topic, Faiza Khatra tried her best to convince the audience in support of space management, whereas Maureen Alam was the rebuttler.

DREAMS don't work unless YOU DO!

~John C. Maxwell

WELMUN 2015

Welham Boys MUN was a delight for all those participants who for the very first time were getting an exposure of an inter-school MUN. Held from the 5th to the 7th of August, it was an experience which every delegate would cherish. The theme for this Model United Nations Conference was 'Cohesion to Conflict' which gave us an insight of how cohesion and conflict are

the two sides of the same coin. The existence of one is completely dependent on the other.

Shreyaa Dada, a representative of Ireland at the Human Rights Council backed an honorary mention, whereas Anshita Agarwal and Samiya Din of the SPECPOL Committee got verbal mentions. This MUN certainly turned out to be a great learning experience for each participant. It fostered and expanded their understanding on global issues. To a greater extent.

JUNIOR DISTRICT ATHLETICS

On August 8, 2015 the Middle School athletics team went off to Maharana Pratap Sports College for the Second Junior Districts Athletics Meet. Our school participated in the under fourteen and the under sixteen category and backed three gold, one silver and one bronze medal. Four of our participants also qualified for the nationals. They represented the state at the nationals in September.

The OPPORTUNITY to make a DIFFERENCE!

~Claire Jagin

INDEPENDENCE DAY

India celebrated its 69th Independence Day with zeal. . Prime Minister Narendra Modi gave his first Independence Day speech and talked about India becoming a manufacturing hub. He also initiated the launch of Saansad Adarsh Gram Yojna or a Model Village Scheme, a rural development scheme for the Indian

villages. Hopetown paid tribute to the country by remembering country's freedom fighters and national heroes. In a solemn function, we honoured our Late President Dr . APJ Abdul Kalam for his monumental contribution to the field of science.

MILESTONE

August 8, 2015, Excitement bubbled up in the air surrounding Mussoorie and blood rushed through our veins as we reached our destination, St. Georges' College for the much awaited MILESTONE. This inter school cultural fest comprises of events such as band, choreography, quiz, JAM drama and photography. This year Hopetown

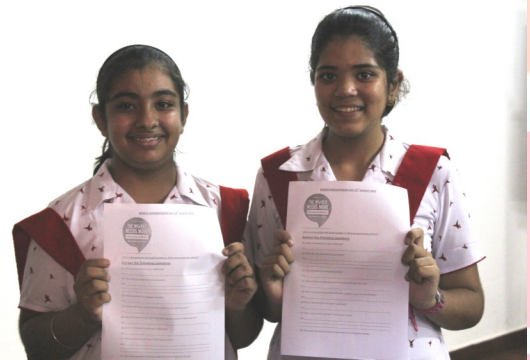

participated in all these events of the cultural bonanza and outstood the other schools as Zara and Caroline impressed all present with their acting skills. The prodigious performance of the school band was appreciated by all. Hopetown stood first in both drama and the band performance and also stood second over all.

“The roots of EDUCATION are bitter, but the fruit is sweet”

~Aristotle

WE CELEBRATE IAYP WEEK

The students of the IAYP team dedicated a week to spread awareness on First Aid and the discrimination that is growing in our society. The workshop on First Aid taught us how to act during an emergency and to be of positive help in a crisis situation. The practical aspect of the workshop was helpful in

strengthening concepts . For example students were taught how to treat a fracture temporarily and avoid further harm. The next evening, a street play on discrimination was projected by the team. It brought out the various social stigmas inherent in society. This was followed by a brief discussion on how and why these acts should be prevented. Students shared their opinion and experiences and took an oath never to repeat such acts in the future . The Middle School students made posters on the importance of health and hy-

giene . All the activities left a great impact on the students and the IAYP week successfully came to an end.
